

# Sustainable Travel to Worship

Join with faith communities throughout Wisconsin in honoring God's good Earth by participating in Sustainable Travel to Worship. Walk, run, bike, skateboard, carpool or use mass transit to travel to worship.

Also look for other opportunities to reduce the number of trips you take by car. By doing so, you not only reduce the greenhouse gases polluting the air and fueling global warming, but you improve your own health and fitness as well! Sponsored by Wisconsin Interfaith Power & Light (WIPL) and the Interfaith Community for the Earth (ICE)
